HACKDTU 3.0

HackDTU 3.0 Continuing its legacy is again set to be India's largest student run hackathon organised at Delhi Technological University where participants will be from all over the subcontinent.

There have been an overwhelming number of applications for the hackathon, out of which some developers will be selected. It will aim to break all records set by other conventional hackathons.

PAST PERFECT

HackDTU was successfully held from February 10-11th 2017 at Delhi Technological University in collaboration with CISCO, Digital Ocean and many more.

After the great success of HackDTU 1.0 , we organised HackDTU 2.0 which also received an outstanding level of participation from developers all across the region.

HackDTU 1.0 and 2.0 were the largest hackathon of their time. After our past glories , we are here with another mind-blowing event that is HackDtu 3.0.

SUCCESS MANTRA

HackDTU 1.0 , 2.0 and HackMAIT in total witnessed 1500+ developers and designers collaborated and competed to code, develop and deploy innovative solutions to real life challenges.

After the great success of our past hackathons , we are here with a greater aim and we will continue our own legacy and perform better than the best.

After 24 hours of intense hacking, 1 champion will be a winner out of the top 10 finalist winning a whopping cash price of 2,50,000 INR!

Had a great experience of meeting the best
developers around the capital.
= Prabhnoor Singh, GTBIT

Never seen such a great footfall
of young developers
under a single roof.
= Mr. Pallab Bhattacharya , Executive Director at ONGC

Best hackathon ever! Learnt so much from
these young developers.
= Prateek Narang , Co Founder at Coding Blocks

Good to see that future of INDIA is in the
right hands.
= Domnik, CISCO

Excellent event to find a champion in a
crowd of bright brains .
= Anubhav Gupta, Senior Android Developer at hike

Where ideas turn into reality!

150 Teams

24 Hours

1 Champion

WHY SPONSOR?

Sponsor the biggest hackathon
The biggest playground for creators and innovators

LIVE FEEDBACK
